E-LAE = Extra-light Acid Etched
F = Fading Glass
S = Satin
NS = Natural Satin
CS = Colored Satin
L = Lacquered
OS = Opaque Satin
T = Transparent
TC = Transparent Colored
T W/F = Transparent with Fabric

SALES CONDITIONS/WARRANTY: GLAS ITALIA

The prices on this price list are "List" prices in USD, converted from euro, carton package included. On occasion, products require additional assembly. Prices include delivery to a convenient North American warehouse. These prices were correct on the date printed. Please check with a local Dealer for any later revision. Trade and contract discounts may apply. See a local Dealer for any additional local delivery charges.

Orders are accepted only when confirmed by the manufacturer. Generally, products are produced to order. An order requires a deposit payment with balance payable prior to products leaving the manufacturer's factory in Italy. Unless a local Dealer has special terms with the manufacturer, production usually begins upon receipt of payment by manufacturer. Delayed delivery does not entitle a reimbursement.

Generally, deposits are refundable by local Dealers only within three days of payment. Custom orders are never cancelable. Returns are not accepted. Objections to sales conditions must be made directly to a local Dealer at the time of purchase otherwise they will be considered accepted.

Dealers are required to keep their accounts with the manufacturer in accordance with their agreed terms. The manufacturer reserves the right to suspend delivery should the Dealer, in the manufacturer's sole discretion, appear unable to complete payment for products. Failure to maintain the account in accordance with agreed terms may result in the manufacturer requiring immediate settlement of the whole remaining balance without notice, and the possibility of the blockage of orders.

Any changes to terms must be agreed in writing between manufacturer and local Dealer. Competent Court is Monza, Italy.

CLAIMS

Except when noted on individual order confirmations, products are insured up to and including to delivery to a convenient North American warehouse. During additional local delivery, products are usually insured, but individual terms may vary, please see a local Dealer for details.

Please open packaging and check goods carefully before signing a delivery note. If this is not possible, please accept the merchandise conditionally by indicating so on the delivery note, otherwise a dealer cannot take responsibility for damages. Transport damage must be communicated in writing, accompanied by photographic evidence to a local dealer within 7 days of receipt of goods. Photographs should include damaged packaging - such packaging to be kept for inspection by the dealer.

A local dealer, upon review of any claim or circumstance, may repair or replace products or provide parts to satisfy a claim at its sole discretion.

WARRANTY

Except for commercial/hospitality use, for which the warranty is one year, products are warranted to be free from defects in materials and workmanship for a period of two years from the time of original purchase. This warranty does not cover the replacement of products due to normal wear and tear, nor does it apply in the case of damage resulting from misuse of the product. Products which have been adapted or repaired without the prior written consent of the manufacturer are also excluded. Manufacturers' maximum liability is the product purchase price.

Neither the manufacturer, imoderni, llc, nor a local dealer makes any additional warranty, express or implied, written or oral, regarding any warranty of merchantability, title, or fitness for a particular purpose. Additional exceptions may apply.

VARIATIONS

In pursuit of the manufacture of the highest quality products, and customer service, the manufacturer reserves the right to modify colors, dimensions and type of construction at any time.

TOLERANCE

Colors, finishes, fabrics and other materials are shown as an indication only. While great effort has been made to represent products truthfully, neither the manufacturer, imoderni, llc nor any local dealer is responsible for errors or omissions. Always choose color and finish in conjunction with actual samples.

Many products in this price list are made by artisans. Dimensions shown therefore must be considered indicative. Materials may show imperfections. These are usually natural or the result of an artisanal production process and should be considered a sign of authenticity.

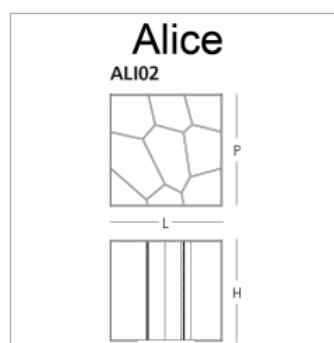

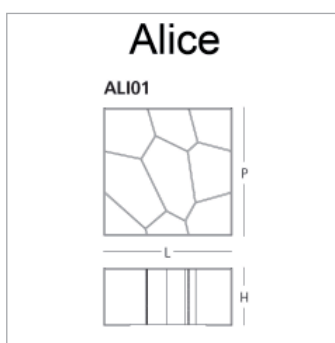

ALICE

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: Jean-Marie Massaud

Series of parallelepiped shaped low tables in 6 mm thick tempered glass, glued at a 45 degree angle. The inside of the structure contains a complex honeycomb structure. Table has four chrome plated feet to slightly raise up from the floor.

Finish: Smoked glass (SM)

ANGELO E ANGELA

CATEGORY: VASES

Designer: Jean-Marie Massaud

A series of vases composed of a parallelepiped shaped case made of glass, glued at 45 degrees. An organic ceramic sculpture is inside the glass case. The ceramic element is hollow and can contain water. Please note: The internal elements are handmade. They may sometimes be irregular and also differ from each other. This is characteristic of a handmade product and cannot be considered reason for complaint.

Finish: White ceramic (WC) or platinum ceramic (PC). Smoked glass (SM) case.

CRYSTAL LOUNGE

CATEGORY: **SOFAS - SECTIONAL**

Designer: *Jean-Marie Massaud*

A unique collection of modular sofas and armchairs made of glass. The sofa can be composed of just two lateral modules (left + right), or it can be extended by using the central armless modules. Please note: an elastic adhesive is used to glue the glass which can result in minor imperfections (smears and air bubbles). This cannot be a reason for complaint.

Finish: Shaped, tempered 15 mm thick transparent extralight glass. Soft, removable cushions available in cat. X or cat. Y fabric, as well as with fire retardant foam.

DECK

CATEGORY: **CHAIRS - DINING CHAIRS**

Designer: *Piero Lissoni*

Chair in ash reinterpreting classical shape in a contemporary and unconventional way. With curved, spindled backrest, and feet with a triangular section and slightly shaped seat, the chair is characterized by calibrated proportions and close attention to detail.

Finish: Available in natural or black ash.

DIVA

CATEGORY: **MIRRORS - FLOOR**

Designer: *Jean-Marie Massaud*

Standing mirror realized in glued smoked glass. The upper and lower part is smoked while the central part has a special mirroring effect through which the luminous trace of a lamp placed on the backside can be seen. It is possible to switch on and off the lamp by pulling a red cord. Please note: When lit, small marks can sometimes appear. They are intrinsic feature of the special silver plating and cannot be considered reason for complaint.

DON GERRIT

CATEGORY: **TABLES - COFFEE/OCCASIONAL**

Designer: *Jean-Marie Massaud*

Low table with base obtained by gluing one to each other two slabs of tempered extralight glass and a laminated transparent blue, yellow, or red colored glass. The base and the top are assembled by means of a polished steel plate.

Finish: Tempered extra-light glass base and top. Tempered extra-light glass stem sandwiching a laminated blue, yellow, or red piece of glass. A version completely in smoked glass is also available (same price).

FAINT

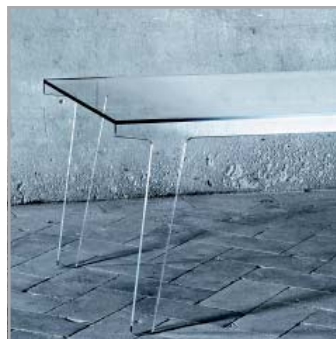

CATEGORY: **DINING TABLES - RECTANGULAR**

Designer: Patricia Urquiola

Monolithic table in extra-light transparent glass with a 12mm-thick tempered top, and 19mm-thick shaped feet. The feet and the top are glued together thanks to a special inclined grinding of the glass. One side of the table presents a white finish, which gradually fades until it vanishes and becomes completely transparent at the other side. This sophisticated manufacturing process imparts a magical effect of evanescence to the piece. Also completely available in extra-light transparent glass.

Finish: White finish which fades to extra-light transparent glass (F). Also completely available in extra-light transparent glass (E-LT).

FICTION

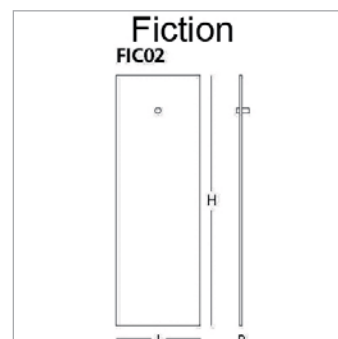

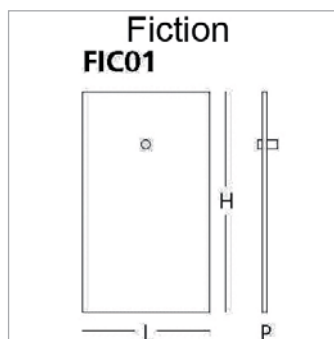

CATEGORY: **MIRRORS - WALL**

Designer: *Jean-Marie Massaud*

Series of mirrors available in two different sizes, realized in 4mm + 4mm sandwiched glass with backside silver shading that enables both mirror glass and extra-light transparent glass on each mirror. Sandwiched glass prevents sensitivity to humidity and salt in the air. Mirror hangs on the wall with a chromium-plated metal cylinder.

The small mirror can be finished with mirror glass top or bottom. The large mirror has mirror glass only on top.

Finish: Extra-light glass

GO ON EVOLUTION/45

CATEGORY: DINING TABLES - SQUARE

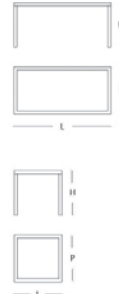

Designer: Nanda Vigo

A series of low and medium height tables with structure and legs in natural anodized aluminum. A tempered glass plate with shiny ground edge is recessed in the table frame.

Finish: Tempered extra-light transparent (E-LT), transparent colored (TC), satined (S), lacquered (L), opaque satined (OS) glass — no silver acid-etched 71.

HAIKU

CATEGORY: **SCREENS - OFFICE/PUBLIC SPACES**

Designer: *Jean-Marie Massaud*

Screen composition with four doors. The relief decoration, which is achieved through a special glass engraving technique, gives depth and three-dimensionality to the featured images. For screen stability, compositions should contain at least three doors. Price shown is per screen.

Finish: 8 mm thick tempered reflective smoked glass, decorated with images of nature. Black chromium-plated metal hinges are glued to the glass.

HAROLD AND MAUDE

CATEGORY: **TABLES - COFFEE/OCCASIONAL**

Designer: *Carlo Tamborino*

A collection of low tables available in two different sizes. Featuring a complex and innovative curvature characterized by particularly daring angles and gradients, which confers great dynamism and plasticity to the low tables. The technical virtuosity is heightened by the subtle glass thickness, which gives the low table an extremely light appearance. Thanks to a special tempering treatment, the 8mm-thick glass acquires an incredible strength.

Finish: Transparent extra light glass.

HEIGH-HO

CATEGORY: **SHELVES - WALL/CEILING MOUNTED**

Designer: *Piero Lissoni*

Series of aerial hanging display cases with lock. Finished in 6mm-thick tempered, extra-light transparent glass glued at 45 degrees, available in straight (parallelepiped) or oblique (irregular prism shaped) versions with a mirrored or illuminated LED back. Special hinges, fixed to the wall by means of a frame allow the glass cases to swing open, allowing access inside. Objects within give the illusion of being magically suspended in mid-air. The display cases support a maximum weight of 15kg.

Finish: Extra-light transparent glass. Mirrored back or illuminated led back.

HUB

CATEGORY: **DINING TABLES - ROUND**

Designer: *Piero Lissoni*

Series of high tables with round shape. The top is tempered 12mm-thick glass supported by a base composed of a hollow cylinder in transparent borosilicate glass, and a foot in glass 12mm thick provided with ballast. The top and the foot are available in lacquered or opaque satin glass. Size can be customized. Please note: The process to produce the Borosilicate glass cylinder often presents impurities and air bubbles. These are intrinsic to the process and cannot be considered reason for complaint.

Finish: Lacquered (L) or opaque satin glass (OS) — no silver acid-etched 71.

I-BEAM

CATEGORY: **CHAISE LONGUE/DORMEUSE/DIVAN/LOVESEAT**

Designer: *Jean-Marie Massaud*

A collection featuring a low table, a bench and a chaise longue. The unique design of I-Beam is obtained by gluing together three slabs of glass, so that they look like a joist. The top-seat and the base are in 12 mm. thick tempered glass, whereas the vertical support is in laminated glass. The chaise longue has the seat in curved glass, supported by a vertical shaped element. The use of high resistant structural gluing enables the use of these elements as seats.

Finish: Smoked glass. Removable cushions in black fabric.

ILLUSION

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: Jean-Marie Massaud

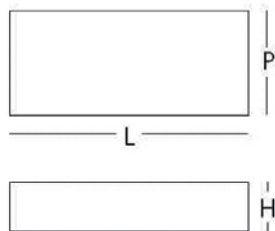

Series of parallel-piped shaped low, medium, and high tables with mirroring top and degrading shading mirroring sides. Realized in 6 mm thick extralight glass, glued at a 45 degree angle. Please note: The faded silver plating is very delicate and it is particularly sensitive to humidity and to air saltiness, which can oxidize the mirror and result in the formation of stains or halos—which cannot be considered reason for complaint. Also note: the tempering process implies small marks and dots which are emphasized by the silver plating of the mirror.

Finish: Extra-light glass.

NU

CATEGORY: **MIRRORS - FLOOR**

Designer: *Philippe Nigro*

Curved standing mirror, characterized by clean-cut formality. In fact, thanks to its double-curvature, the mirror is self-supporting without need of a base or a support structure. The result is a three-dimensional mirror, the surface of which is orientated at different angles, deconstructing space and creating interesting reflective tricks of light. Available in single or double-faced version, achieved by laminating two silvered sheets in the same way. The curved mirror can present irregularities and small imperfections, which aren't cause for complaint.

Finish: Single or double-faced mirror.

Code	Product	Desc.	(L)	(D)	(H)	Pkg Wt	Pkg Vol	Price

ORIENTE OCCIDENTE

CATEGORY: **DINING TABLES - RECTANGULAR**

Designer: *Claudio Silvestrin*

Tables in marble Carrara Statuario Grey Veined and transparent extralight glass 19-mm thick. The glass top is obtained by gluing the 45 degree chamfered edges of a central glass slab to the edges of two side marble slabs. The bases, fixed to the glass top through steel plates, are made up of two glass slabs glued together. Note: the marble, being a natural material, presents from time to time veins which vary in quantity, dimension, and tonality. This cannot be in any case considered as a reason for complaint.

Finish: Carrara statuario grey veined marble and extra-light transparent (E-LT) glass top. Extra-light transparent base.

PIPELINE HIGH TABLE

CATEGORY: DINING TABLES - RECTANGULAR

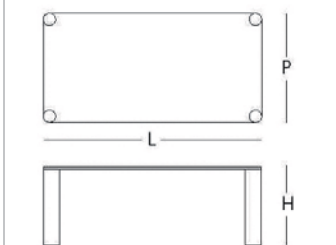

Designer: Piero Lissoni

Series of high tables with rectangular and square shape. The tempered 15-mm thick top is available in transparent, transparent extralight, acid-etched extralight, lacquered or opaque satin glass (no silver acid-etched 71). Size can be customized. The cylindrical feet are in transparent borosilicate glass. Please note: The process to produce the Borosilicate glass legs often presents impurities and air bubbles. They are intrinsic to the process and cannot be considered reason for complaint.

Finish: Transparent (T), extra-light transparent (E-LT), extra-light acid etched (E-LAE), lacquered (L), or opaque satin (OS) — no silver acid-etched 71 glass.

Designer: *Piero Lissoni*

Series of high tables with round shape. The top is 12 mm thick glass. Size can be customized. The cylindrical feet are in transparent borosilicate glass. Please note: The process to produce the Borosilicate glass legs often presents impurities and air bubbles. They are intrinsic to the process and cannot be considered reason for complaint.

Finish: Transparent (T), extra-light transparent (E-LT), extra-light acid etched (E-LAE), lacquered (L), or opaque satin (OS) — no silver acid-etched 71 glass.

PONTE

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: Piero Lissoni, Marc Krusin, Carlo Tamborini

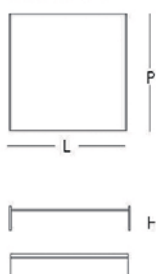

Low tables in tempered glass, with 10 mm thick sides and top. The top in lacquered glass is supported by the sides thanks to a special gluing on the thickness of the glass, obtaining this way a suspended effect. Available in two square sizes.

Finish: Top in lacquered (L) glass. Only available in standard sizes.

RAINBOW

CATEGORY: MIRRORS - WALL

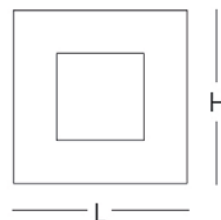

Designer: Nanda Vigo

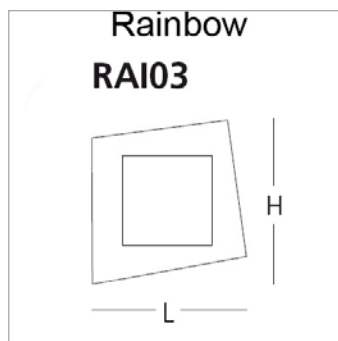

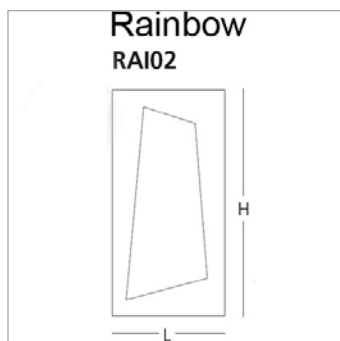

A series of mirrors in various shapes and sizes characterized by big colored frames, available in the range of the Transparent Colored Glasses. Thanks to the special manufacturing, the mirroring surface and the transparent colored frame are obtained just from one single slab of laminated glass. A lighting system placed on the back of the mirror enhances the frame and exalts its chromatic effect. Also available without lighting system.

Finish: Transparent Colored Glasses. Only available in standard sizes.

SPACE INVADERS

CATEGORY: **MIRRORS - WALL**

Designer: *Piero Lissoni*

Shaped mirrors with complex forms which can be hung in four ways. Available in two different versions and dimensions which, placed close together, give rise to various and articulated compositions.

Finish: Mirrored glass

Code	Product	Desc.	(L)	(H)	Pkg Wt	Pkg Vol	Price
SPIM01	Space Invaders	Mirror	80	70	21	0.09	1,277
SPIM02	Space Invaders	Mirror	80	100	29	0.11	1,356

SPECCHI DI PROUST

CATEGORY: **MIRRORS - WALL**

Designer: *Alessandro Mendini*

Rectangular-shaped mirror that is characterized by its frame whose texture is obtained through uniform polychrome paint strokes. Available with double vertical and horizontal fixture.

Code	Desc.	(L)	(H)	Pkg Wt	Pkg Vol	Price
SDP01	Mirror	70	100	14	0.05	1,803

SPLIT

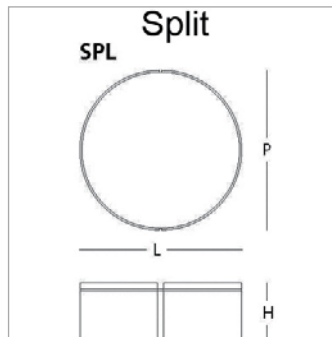

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: Claesson Koivisto Rune

A complete system of tables for both the home and contract interior, available in different forms: coffee table, meeting table, bar table and low occasional table. Split comes in a range of shapes ñround, elliptical, square and rectangular.

Note: A complete system of tables for both the home and contract interior, available in different forms: coffee table, meeting table, bar table and low occasional table. Split comes in a range of shapes ñround, elliptical, square and rectangular.

Finish: Lacquered (L), opaque satin (OS) glass — no silver acid-etched glass 71.

STURM UND DRANG

CATEGORY: **MIRRORS - WALL**

Designer: *Piero Lissoni*

A truly magnificent mirror with Murano glass frame, achieved through a complex and refined hand-made production process, making each piece unique and unrepeatable. The frame is composed of various elements which are fixed to a wall hanging structure upon which a 5-mm thick chamfered mirror is then applied. Attention: the frame is entirely realized in fused glass, hand manufactured and forged by glass masters. Imprecisions and imperfections are a feature and a guarantee of an artistic hand-manufacture.

Finish: Frame is composed of various handmade Murano glass elements which are fixed to a wall hanging element. A mirror decorated with a chamfer is then applied to the frame. Mirror is available with or without light.

THE DARK SIDE OF THE MOON

CATEGORY: DINING TABLES - RECTANGULAR

Designer: Piero Lissoni

A collection of high and low tables. Thanks to a sophisticated and innovative technical process, the top is realized by overlapping and assembling glass strips of various qualities and different widths. The result is a top that assumes an infinite range of tonalities. The feet of the high table are cylinders in transparent borosilicate glass, fixed to the top by means of steel rings. The low table, instead, has two glued sides with the same features as the top.* Attention: among the glass strips there could be small air bubbles that are the features of the workmanship and they cannot be reason for any claim.

Finish: The tables are available in a neutral version, obtained by the use of transparent and acid-etched glasses, and in a version with colored glass, which, when mixed, creates a kaleidoscope effect.

TRANSFIX

CATEGORY: **BOOKCASE/DISPLAY - GLASS**

Designer: *Marc Krusin, Kenasku Oshiro*

Display/storage unit which can also be used to divide and screen space. Obtained by gluing slabs of tempered 8 mm thick glass. Please note: The type of gluing used can sometimes result in small imperfections or air spots. They are intrinsic to the process and cannot be considered reason for complaint.

Finish: 8 mm thick extra-light transparent (E-LT) glass.

TRANSMIT

CATEGORY: **SCREENS**

Designer: *Marc Krusin*

Series of room dividing and screening hanging elements composable and available in different sizes. The strips in tempered glass are hung to the ceiling by means of two steel wires. Please note: The fixing anchors require space above the ceiling joists into which they fix. Before hanging the glass bands always check the stability of the ceiling.

Finish: Reflecting grey glass panels

TRIM

CATEGORY: **TABLES - CONSOLES**

Designer: *Victor Carrasco*

Collection of low tables, a console and a desk with irregular shapes and special faceted grindings of the glass.

Finish: Extra-light transparent glass (E-LT).

Code	Product	Desc.	(L)	(D)	(H)	Pkg Wt	Pkg Vol	E-LT
Trim04	Trim	Console	134	37	78	65	0.55	2,714

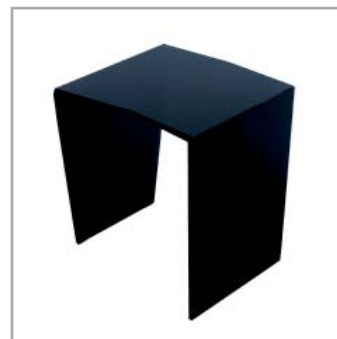

TRIM

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: Victor Carrasco

A collection of bridge-shaped low tables with irregular shapes and special faceted grindings of the glass. Available in a brand new "black paste crystal" or in transparent extralight 10-mm thick tempered glass.

Finish: Lower table in black paste crystal or in transparent extralight 10 mm thick tempered glass, both options with specially faceted grinding.

TUTUBE

CATEGORY: **VASES**

Designer: *Marc Krusin*

Cylindrical vases which are a product of complex, refined blown manufacturing. Please note: These vases are made of blown and handcrafted glass. They may sometimes be irregular and differ from each other, and also feature impurities. This is characteristic of a handmade product and cannot be considered reason for complaint.

Finish: Borosilicate transparent glass

Code	Desc.	(dia)	(H)	Pkg Wt	Pkg Vol	Price

TUT02	Vase	15	50	4.5	0.05	718

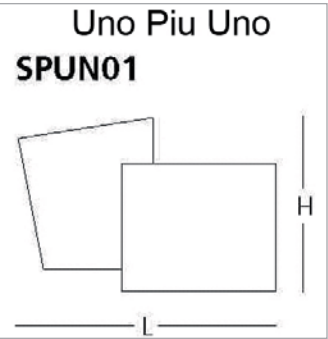

UNO PIU UNO

CATEGORY: **MIRRORS - WALL**

Designer: *Laudani & Romanelli*

Mirroring-decorative element composed of a mirror mm. 5 thick with ground shiny edge and a reflecting lacquered glass with mirroring coloured effect. The mirror is partially contained in a concavity cut out (with water jet) in the reflecting glass. The edges of the two slabs are perfectly matching. ***Avoid cleaning detergent seeping between the mirror slabs; it is recommended to clean with a damp cloth.

Finish: Reflecting lacquered glass (RL) and mirror.

Code	Desc.	(L)	(H)	Pkg Wt	Pkg Vol	RL
SPUN01	Mirror	124	99	25	0.15	1,645
SPUN02	Mirror	100	190	33	0.25	1,945

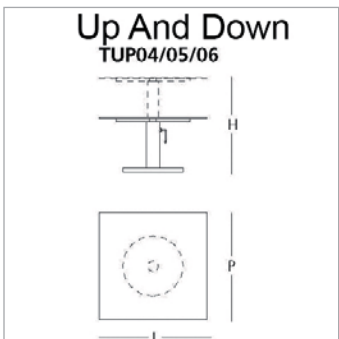

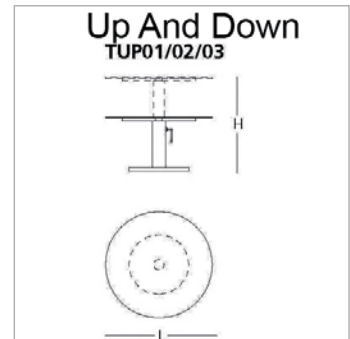

UP AND DOWN

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: *Ennio Arosio*

Table with innovative natural aluminium mechanism which allows an "up and down" movement of the glass top. Top and base in tempered glass.

Finish: Lacquered (L) and opaque satin (OS glass).

VASI

CATEGORY: VASES

Designer: Piero Lissoni

Set of vases 45 degree chamfered and glued with silicone. The silicone gluing guarantees a water-proof seal, but air holes can be present in the glue. These holes are characteristic of this product and cannot be reason for complaint. Please note: Glued with silicone, these vases are waterproof, but can sometimes feature small air spots. This cannot be considered reason for complaint.

Finish: Transparent extra-light glass glued with silicone. Base in transparent (T) or lacquered (L) glass.

Code	Desc.	(L)	(D)	(H)	(Th B)	(Th W)	Pkg Wt	Pkg Vol	T / L

VERTIGO

CATEGORY: DINING TABLES - ROUND

Designer: Lorenzo Arosio

Round shaped high tables with legs in tempered curved glass and top in tempered 12 mm thick glass. The 3 legs and the top are fixed together with steel plates.

Finish: Lacquered (L) glass.

Code	Desc.	(Dia)	(H)	(Th)	Pkg Wt	Pkg Vol	L
TVE01	Dining table	130	72	1.2	70	0.27	6,315
TVE02	Dining table	160	72	1.2	92	0.31	7,353

VITRUVIAN

CATEGORY: DINING TABLES - RECTANGULAR

Designer: Piero Lissoni

Series of rectangular high tables with top in tempered transparent extralight 12-mm thick glass with shiny curved ground edge. Size can be customized. The base, in transparent extralight 19-mm thick glass, shaped and ground with shiny curved edge, is composed of two supporting elements, linked to a tie bar by means of satined steel plates. The extreme thinness and lightness of the base, achieved through a sophisticated and complex production process, corresponds to the solidity provided by the special tempering process.

Finish: Top is tempered transparent extralight 12 mm thick glass with shiny curved ground edge. Base is transparent extralight 19 mm thick glass, shaped and ground with shiny curved edge. Base is linked to a tie bar by means of satined steel plates.

WIREFRAME

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: Piero Lissoni

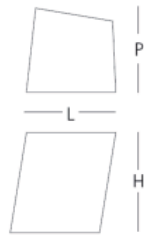

A series of twisted and irregular, parallelepiped shaped low tables. Obtained by gluing tempered transparent extralight glass slabs whose edges have grinding angles at each of their inclinations completely different from the other ones. The result is what appears to be an unstable, precariously balanced low table. The edges are enhanced by a green, orange, black, or white colored line.

XXX

CATEGORY: TABLES - COFFEE/OCCASIONAL

Designer: Johanna Grawunder

Low table made of coloured glass.

Finish: Transparent pink, orange, and yellow coloured glass. Base is laminated 6+6 mm thick glass plates with special chamfering. Top is laminated 6+6 mm thick glass, leans on the base and is available in one of the three colors.

Code	Desc.	(Dia)	(H)	Pkg Wt	Pkg Vol	Price
XXX01	Low table	50	40	39	0.17	2,026
XXX02	Low table	80	30	65	0.31	2,692

Designer: Piero Lissoni

Chair in ash with a sober and delicate look which evokes oriental influences. The purity of the shape accentuates attention to detail and balanced proportions. The structure with the same cylindrical section overall supports the seat and a slightly arched back.

Finish: Natural or black ash.
