CertainTeed Insulation - Unfaced High Performance

- Thermally efficient
- Good sound absorption
- Won't settle, absorb moisture or support fungus growth
- Non-corrosive, will not rot or mildew
- GREENGUARD Children & Schools certified
- Unfaced
- Non-combustible per ASTM E 136

Owens Corning Fiberglass Insulation

Owens Corning AttiCat Fiberglass Blowing Insulation

- Noncorrosive - Doesn't require fire-retardant chemicals which can leach out, promoting corrosion of pipes, electrical equipment or structural metal attachments.
- Noncombustible - Meets all model building codes for noncombustibility.
- Won't Absorb Moisture - Moisture reduces insulation effectiveness. Glass fibers resist moisture build-up.
- Doesn't Support Mold Growth - Inorganic glass fibers do not support fungus or mold growth. Will not rot or decay.
- These products conform to the product requirements of ASTM C 764 Type I, Category 2. The surface burning characteristics of these products have been determined in accordance with ASTM E 84.

\$26.95/BAG

Owens Corning AttiCat Insulation Blower

- Blowing the insulation should take less than 1.5 hours and the whole job can be completed in less than 4 hours based on a 1,000 sq. ft. attic at R-30
- Self-feeding system
- Integrated AUTOCUTTER
- Provides easy clean-up because machine does the work for you
- Low dust system
- Optimized process for minimal handling
- Hose-mounted remote control

\$6468.00/EACH

Foam Insulation

Square Edge

- Complies with ASTM C 578 Type IV. Meets IBC/IRC requirements for foam plastic insulation.
- Und. Lab. Inc. @ Classified, see Classification Certificate D369.
- Factory Mutual Approved - Subject to the conditions of Approval as a roof insulation when installed as described in the current edition of the FM Approval Guide
